## Meet Your New Assistant Borough Manager

In April of 2011 the Borough had a space to fill in its front office. Borough manager Warren Cecconi called CONNECT, the Congress of Neighboring Communities, to find someone to fill the void. Julie Bastianini came to the Borough in what was originally a temporary position. In September she was hired on full time as the Assistant Borough Manager. The duties for this position include but are certainly not limited, to helping Mr. Cecconi carry out policies set by Council, managing accounts payable/receivable, and bi-weekly payroll, assisting in developing an annual budget and with the annual audit and act as a liaison between the Recreation Board and Borough Manager. Julie put it best when she said "In a small Borough such as this the attitude is really 'all hands on deck;' everyone does a little bit of everything."

Ms. Bastianini attended John Carroll University in Cleveland for her undergraduate degree and received her Master's from the University of Pittsburgh in Public Administration. Prior to working for the Borough, Julie had several internships which included Tarentum Borough in zoning, Ross Township in storm water management and Richland Township in the sewer department.

# Council Notes

## CAN (Council Action Notes) Now Online

In response to the Resident Survey, Council has implemented new processes for timely communication. An audio stream of the Council meetings (the Eagle Scout project of Adam Zelenko) is available on the Borough website following the Council meeting. The meeting audio stream will be available until it is replaced by the following meeting's taping.

For those who prefer a quick synopsis of Council actions that occurred during the most recent Council meeting, **Council Action Notes (CAN)** will be placed on the Borough website the day following each Council meeting. The **CAN** does not take the place of the meeting minutes, but does provide timely information on council actions from the most recent Council meeting until the approved minutes of the meeting are available.

Council Agendas and the approved Borough Council Meeting minutes can be found on the Borough website. A library of agendas and meetings is available on the website from 2007 to the most recent meeting.

## Reassessments Q & A:

A number of Edgewood residents have contacted the Borough with questions regarding the property reassessment appeals process and the impact on the 2013 millage.

In response, we are providing answers to those questions and resources to assist you in determining a course of action. This information is also on the Borough website.

### How can I appeal my reassessment if I feel it's too high?

This must be done by the homeowner. If you intend to appeal your assessment values, you can obtain information from the County Website <http://www2.alleghenycounty.us/eval/>. The website provides information regarding your assessed property value and properties used in comparison. Those who wish to appeal their assessments should do so by April 2, 2012.

The county has offered to provide appeals workshops in various areas of the county. Edgewood Borough, in cooperation with the Western Pennsylvania School for the Deaf, has requested to have an appeals workshop here. We are awaiting a response from the county.

### How do I determine if my taxes will increase or decrease?

The reassessed values for county property will affect the millage rates in Edgewood for the tax bills of the Borough, County and Woodland Hills School District that use property values to establish millage rates. As a general rule, if your property value increases by more than the average property in a taxing body, you will pay more taxes to that taxing body. If your new value

is less than the average, you will pay less. It will not affect the Borough's income tax rate of one percent.

### What does the new reassessment mean for Borough millage rates?

The certified value of Edgewood Borough has yet to be confirmed. Due to the expected number of appeals, the certification we do receive will change following the appeals process. By state law, the millage rate for the Borough of Edgewood must be revenue neutral following utilization of the new assessment values. If the Borough council determines a need to increase the millage rate following reassessment, it must do so through a separate vote and the increase cannot exceed five percent.

As an example, if the current assessed value of all Edgewood properties was \$1,000 with a 2.0 millage rate and the reassessed value was increased \$2,000, the millage rate would fall to 1.0. A five percent windfall limitation would mean the millage at most could be increased to 1.05 following a council vote.

Edgewood's budget will continue to be frugal in the spending of our tax dollars to provide public safety, to repair and maintain Borough infrastructure and to provide other needed services.

### How can I find out the percentage changes of Edgewood and neighboring municipality's values?

At this time, Edgewood has not received a certified total value from the County in writing. The Post-Gazette reported the percentages for municipalities in the eastern suburbs in a story on February 7, 2012 [www.post-gazette.com](http://www.post-gazette.com)

[com/pg/12034/1207824-56.stm](http://com/pg/12034/1207824-56.stm). The Post-Gazette has reported average increases for Allegheny County and the Woodland Hills School District in other articles which you may find through their online search tool.

### Why hasn't the Borough passed a resolution that opposes this reassessment?

As we've seen from the inability of the county executive's efforts to stay the reassessments, any resolution made by council on behalf of the residents of Edgewood opposing the reassessment would not change, delay, extend or stop this court-mandated process.

## WPJWA is New Sewage Billing Agency

*This article was originally printed in the Dec/Jan 11-12 issue of the Edgewood Newsletter*

Beginning January 1, 2012, Wilkesburg-Penn Joint Water Authority will become the Sewage-Billing Agent for the Borough. All residents will receive a *combined* water and sewer bill. In April, residents will receive two bills- one from the current Sewage Billing Agency (Pennsylvania Municipal Service Company-PAMS) and one from Wilkesburg-Penn Joint Water Authority. The reason for this is that PAMS is billing for water consumption used in the last quarter of 2011 as they have a three-month delay in billing. Wilkesburg-Penn Joint Water Authority will be billing water and sewer for the most recent three-month billing period (Jan. through March 2012).

Edgewood is joining 14 other municipalities in the area who now bill sewer and water fees jointly through

WPJWA due to a significant increase in collection rates and simplified billing.

*You will receive information in the mail from WPJWA regarding this matter; however, we would like to give residents as much notice as possible to prepare for the two bills they will receive in April.*

All outstanding charges billed by PAMS should be paid to PAMS. PAMS will continue to collect delinquent sewage accounts.

Please contact the Borough if you have any questions regarding this matter.

### Hydrants: Maintenance and Repair

There are 75 fire hydrants in the Borough of Edgewood. The Wilkesburg-Penn Joint Water Authority (WPJWA) owns, maintains and tests the water flow of hydrants within the Borough and surrounding areas. Testing hydrants is a critical process that is needed to ensure fire departments will have the appropriate water supply when fighting fires. By doing this, WPJWA determines many things:

- The water flow potential in gallons per minute based on data we collect including static (with the hydrant closed) and residual (with the hydrant open and flowing water) pressures
- All moving parts are cleaned, inspected and lubricated
- Hydrant caps are properly secured, and the hydrant is painted
- Hydrants in the area are color coded based on approximate maximum water flow to help firefighters determine how much water can be pumped from a hydrant
- The hydrant is also flushed thoroughly, or allowed to run into the street, and this helps remove any foreign debris such as rocks or other objects which may have found their way into the water system

In addition to water authority maintenance, the fire department performs training exercises involving hydrants on a regular basis. We review standard and unique hydrants, hydrant connections, and supplying water to fire apparatus. Training on the unique hydrants in our area

that have lower flow rates, and non-standard connections will ensure that the fire department will have adequate water supply to fight fires in the area. Because of the many hills in Edgewood, water pressure and flow varies. Therefore, we may have to use several fire hydrants from adjacent blocks if we cannot get enough water from the first hydrant. The aging water lines in the area are another concern, as there have been fires in recent years where hydrants have failed due to cracking underground lines, even with regular above-ground service.

### Citizen Fire Academy

The Edgewood Volunteer Fire Department will be hosting a Citizen Fire Academy in the late spring of 2012. The Academy will give participants a hands-on approach to the fire service. The history of the fire service and principles of fire and home safety are some of the topics that will be covered. Please check our website for more details, [www.station137.com](http://www.station137.com).

## Police Report

### New Vehicle Laws for Junior Drivers in 2012

We would like to make citizens aware of one of the new vehicle laws for 2012, in the event you may have a "junior driver" in your family: For the first six months after issuance of the junior driver's license, a junior driver shall not drive a vehicle with more than one passenger under 18 years of age who is not a member of the driver's family, unless the junior driver is accompanied by a parent or guardian.

After the expiration of the first six months, a junior driver shall not drive a vehicle with more than three

passengers under 18 years of age who are not members of the driver's immediate family, unless the junior driver is accompanied by a parent or legal guardian.

A junior driver shall not drive a vehicle with more than one passenger under 18 years of age who is not a member of the driver's immediate family unless the junior driver is accompanied by a parent or legal guardian. The term "immediate family" includes brothers, sisters, step-brothers, step-sisters of the driver, including adopted or foster children residing in the same household as the junior driver.

### Restraint Systems

It is now a primary offense for any person to drive a vehicle with a passenger under 18 who is not wearing a seat belt or is not properly restrained in a booster or car seat. Other seat belt violations remain secondary offenses. Violations of this section now carry a specific fine of \$75.00

**NOTE:** Since it is now a PRIMARY VIOLATION, a police officer may stop a vehicle if the officer has probable cause to believe a driver or passenger under 18 years of age is not properly restrained.

### Scouts

### Klondike Derby

The Troop started the month of February by participating in Laurel Highlands Council's Annual Klondike Derby, held at Camp Twin Echo in Westmoreland County. The Klondike is a fast paced event in which Scouts move from station to station. At each station the Scouts use creative thinking along with outdoor skills to complete a set task. Some of the skills tested include wilderness survival, first aid,

and camp craft. After a drought of snow in January, the weather cooperated and provided enough snow for the scouts to enjoy their Klondike sleds.

### 100 Years in Edgewood

The Troop kicked off our 100th anniversary year at our annual troop dinner, held at the Edgewood Club. A continuous slide show displayed photographs of the Troop's 100 years of Scouting. Several of the Troop's alumni were able to attend the dinner and share in the 100th anniversary celebration. The Troop's history is rich and continues to thrive in Edgewood. More 100th anniversary activities are scheduled for the summer. Stay tuned!

### Edgewood Symphony Spring Concerts

On March 10, 2012 the Edgewood Symphony plans to tell some musical stories in a concert filled with "Victorian Tales". In addition to Elgar's moving Cello Concerto, featuring cellist Elisa Kohanski, the orchestra will perform music by other British composers including, Sullivan (of Gilbert and Sullivan), Vaughan Williams, Delius, Purcell and more!

Be sure to come back across the sea on Saturday, May 12, to hear the ESO perform some "American Originals" from American composers, such as "American in Paris" by George Gershwin, "Syncopated Clock" by Leroy Anderson and a special version of Duke Ellington's "Sophisticated Lady", specially arranged for the Edgewood Symphony.

Both concerts are at 7:30pm at the Katz Auditorium at the JCC Pittsburgh in Squirrel Hill.

### School News

#### Woodland Hills High School Presents:

The Woodland Hills High School Department of Performing Arts is proud to present its 25th anniversary musical, Curtains. This original musical comedy unfolds backstage at Boston's Colonial Theatre, where a new musical, Robbin' Hood of the Old West, has the potential to be a Broadway smash... if it wasn't for their talentless leading lady. When the lackluster lead dies on opening night during her curtain call, Lieutenant Frank Cioffi of the Boston Police Department is called in to solve the murder. Lieutenant Cioffi believes that the perpetrator is still in the building, so he seals all entrances and exits with the cast and crew inside. The company uses this forced down time to fix the show's problems and, snared by the lure of the theatre, a torn Lieutenant Cioffi finds himself just as involved in making the show a hit as he is in solving the murder. Can Lieutenant Cioffi solve the case, save the show, and get the girl before the musical begins without getting himself killed? Or will it be curtains for Lieutenant Cioffi as the body count rises?
