Code Enforcement Reminders

Property owners in Edgewood are responsible for maintaining their sidewalks and curbs. Please take advantage of the summer weather to address any cracked, crumbling, or offset sidewalk sections and curbs. Please remember to keep your grass under 6 inches in height. Lastly, garbage cans are to be set out no earlier than 6 p.m. on the evening before collection and must be removed by 5 p.m. on the day of collection. All refuse must be placed in containers to avoid spillage and attracting rodents. Recyclables must be placed into a container and be free of plastic bags.

2022 Road Paving Program

Borough Council budgets \$400,000 annually to pave borough streets. The streets are ranked based on their condition by the borough engineer and an annual list is established. The following streets are proposed for the 2022 paving program:

Street	From	To
Laurel	W. Swissvale	Lincoln
Short Race	W. Hutchinson	Greendale
Race	Greendale	Pennwood
Locust	Hawthorne	Beech
Pliney Way	Allenby	East End
Savannah	W. Hutchinson	municipal border

Laurel Street Playground

The Laurel Street playground structure will be replaced in late summer with an inclusive and accessible ages 2-12 play structure. A swing set, merry-go-round, and interactive percussion kit is also part of the replacement. The families of Laurel Street are planning a fundraiser to pay for picnic tables at the site. Please keep an eye out for their lemonade stand over the summer.

Intersection improvements

Edgewood Borough received a PennDOT grant to study two difficult intersections in the borough; Race Street at West Swissvale Avenue and Maple Avenue at Brinton Road. Consulting engineer Trans Associates drafted plans for each intersection which were reviewed and approved by the public safety committee and borough council. Changes will be made to both intersections by years end to improve pedestrian and vehicular safety.

The most notable change at the Race Street and West Swissvale intersection will be the requirement that vehicles turning right onto W. Swissvale from Race share the same lane as those vehicles turning left or staying straight and that those vehicles stop before turning right. This eliminates the sight obstruction created when another vehicle turning left or driving straight is stopped in the intersection. Delineators will be installed in the intersection to narrow the travel lane width and shorten the crossing distance for pedestrians. Additional signage will be installed warning large trucks of the height restrictions posed by the Race Street tunnel.

Changes to the Maple Avenue and Brinton Road intersection will eliminate the visual obstruction present when a vehicle headed south onto Brinton Road and a vehicle headed west onto Maple Avenue stop at the same time. This will be accomplished by reducing the southern approach lane of Brinton to a single lane and requiring all turns be made from the western Maple Avenue approach. The concrete island will be reconstructed to improve the turning radius and the Brinton Road stop sign currently located on the I-376 overpass will be relocated 30' closer to the new intersection.

Meet the Junior Councilperson

Edgewood resident and Winchester Thurston student Daniel Kochupura accepted his oath of office as Edgewood's Junior Councilperson on May 16, 2022. Mr. Kochupura will attend council meetings and volunteer his time attending various borough-sponsored events. Borough council thanks Mr. Kochupura for his interest in local government and for volunteering his time.

Mayor Ryan O'Donnell swears in Daniel Kochupura at the May 16, 2022 borough council meeting.

ZONING HEARING BOARD VACANCY

A vacancy currently exists on the borough's three-person zoning hearing board. The purpose of the board is to hear challenges to and render decisions on challenges to the borough's zoning ordinance. These challenges are more commonly referred to as variances. Applicants for a variance typically seek relief from limitations to the size of signs permitted or a yard buffer requirement to construct a deck or patio. Decisions are binding and not subject to approval by borough council. The person selected by borough council would be appointed to fill the remainder of a term expiring at the end of 2022. This is a volunteer position. Interested candidates should send a letter of interest as soon as possible to manager@edgewoodboro.com for consideration by borough council.

Woodland Hills Class of 2022 celebrates resiliency at commencement

Resiliency was the theme of the Woodland Hills High School commencement ceremony on Friday, May 27. After all of the challenges and adversity that the Class of 2022 endured, a bit of rain wasn't going to dampen the atmosphere.

The student speakers each emphasized the challenges the Class of 2022 had to endure. Josiah Martin, President of the National Honors Society, reminded his classmates of the power of dreams even in the face of adversity.

"I'm confident that the power of dreams is vested within each and every one of us," Martin said. "It drives us. it molded us into the deter-

mined and powerful individuals that we are today. The individuals who are now standing as a collective, a collective that is unified through adversity, the collective that is unified by a common drive to turn the next page, to embark on the next stage within their journey of life."

Vice President of Student Council Lynnsie Hagman commended her classmates' diligence and courage.

"With the COVID-19 pandemic came immense struggles. To list just a few: Virtual instruction, social distancing, and the countless canceled activities such as homecoming, which got moved not once, not twice, but three different times," Hagman said.

Class President Madeline Douglas said the students' resiliency has enabled it to do great things and will continue to provide the Class of 2022 with opportunities.

"Our resiliency is the reason we're graduating today and is the reason we are able to continue to do great things," Douglas said. "Whether it be on the court on the field on the stage or in the classroom, the 2022 Woody seniors know how to do it and we know how to do it the best."

The ceremony also recognized three members of the Class of 2022 who left us too soon. The families of Jaiden Brown, Naomi Dutko and Micah Graham received posthumous diplomas from Principal Shelly Manns honoring their memory.

The Woodland Hills Class of 2022 received over \$8.8 million in college scholarships and featured a number of students pursuing military, vocational and technical schools, and immediate job offers.

Edgewood Elementary STEAM Academy celebrates fifth grade promotion

The Woodland Hills Class of 2029 took a big step toward their eventual high school graduation with the celebration of their promotion to sixth grade during the final week of May. Fifth graders at Edgewood Elementary STEAM Academy celebrated their promotion to middle school with an in-person ceremony in the auditorium on Thursday, May 26. The Edgewood faculty and staff presented the students with a video congratulating them on their success, while former Braddock mayor Chardae Jones provided some words of wisdom and encouragement as they take the next step in their education.

Students were recognized for their academic excellence and then received their promotion certificates. The fifth graders will join their fellow members of the Class of 2029 from Turtle Creek Elementary STEAM Academy and Wilkins Elementary STEAM Academy as sixth graders at Dickson Preparatory STEAM Academy in the fall.
