Free Compost

Free leaf compost is available for pickup next to the Dog Park at any time. Pickup is self-service. The approximate address is 232 Aberdeen Street, Pittsburgh PA 15218.

Larger deliveries are available for a fee and can be arranged by contacting public works at 412-242-4824.

Residential Building and Zoning Permits

A zoning permit is required any time your project involves enlarging or constructing a new driveway, wall, fence, shed, balcony, deck or porch. The zoning officer will review your application and ensure its conformity with the borough's zoning ordinance. They may request supplemental information like a property survey to aid in their review. A permit will be issued once the project is reviewed for compliance with the zoning ordinance and the \$45 fee is paid.

A building permit is required any time you're making a structural change to a home. This can include removing a wall or adding a new porch or deck, repairing a deteriorating foundation, building or replacing steps (both inside and outside), or detached garage. The building inspector requires a drawing or plans along with a building permit application. A fee is collected once the plans are reviewed and approved. The fee covers the cost of reviewing the plans and follow up inspections to ensure that the project is built as designed. The permit is closed out once a final inspection is performed and that provides the property owner with proof that the project was property permitted and complies with all applicable codes.

Just as with a zoning permit, building permits are given after plans or drawings are reviewed and the fees are paid. Building permit fees are a percentage of the total estimated cost of construction. Some projects may require an electrical permit depending on the scope of work and if

there are any changes to the existing electrical layout.

Some projects require both zoning approval and building permits so it's important to contact the borough at 412-242-4824 and select option #4 to speak with the building department before starting your project.

Sidewalk Reminder

As spring greets us, take a moment to inspect your sidewalk for any defects and make arrangements to have it repaired. Sidewalk and curb maintenance is the responsibility of the property owner under section 177 of the Edgewood Borough Code of Ordinances.

Banner Community Designation

Edgewood Borough was once again named a Banner Community by the Allegheny League of Municipalities. This designation is awarded to communities that measurably demonstrate sound fiscal management, provide professional development, exercise intergovernmental cooperation and engage community stakeholders.

Edgewood Borough Police Department

Greetings Neighbors,

Many residents have expressed concerns about the role of the Edgewood Police Department (EPD) in immigration enforcement. Given the current national climate, these concerns are understandable. When I assumed the role of Chief, a policy was established to provide clear guidance to our officers on this issue. Below is a summary:

- EPD officers do not question individuals about their citizenship or residency status for the purpose of determining whether a person is undocumented or to verify immigration status.
- The Department does not engage in law enforcement activities aimed at identifying undocumented individuals or enforcing federal civil immigration laws.
- EPD will only respond to requests from federal agencies when they are supported by a valid judicial order, subpoena, or warrant, as required in all criminal matters.

As peacekeepers, it is essential that every member of our community understands that we are here to protect and serve all people—regardless of immigration status. Our goal is for everyone to feel safe, respected, and comfortable when interacting with the police.

Respectfully,
Chief Sylvan Altieri
Edgewood Police Department

Mayor Sherman declared

WPSD is thrilled to announce a new project planned for our youngest learners.

Construction is expected to begin this summer on a large play and recreation space including two new playgrounds especially designed for our Children's Center and Elementary School students. The current playground has been loved by our students for many years. The new space will ensure our students continue to grow emotionally, physically, and socially.

To discover more about the importance of this project, just scan the QR code below.

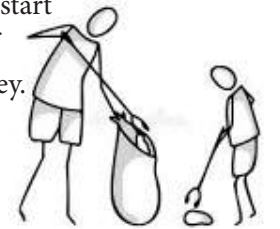

Please consider a donation today to allow WPSD to continue to help our students get the most out of their childhood. Just visit wpsd.org for more information.

We appreciate your kindness and generosity!!

Student leaders make final preparations for seventh annual Woodland Hills Student Summit

Student leaders from high schools throughout Western Pennsylvania met at the Heinz History Center on February 20 to make the final preparations for the seventh annual Woodland Hills Student Summit, which will bring together nearly 350 students from over two dozen high schools to talk about the issues that matter most. The session at the museum gave students one last opportunity to work together to finalize their discussion topics and presentations for the full Summit in March.

The student leadership session was the second of two workshops that helps connect the student leaders with experts in various fields. The topics for this year's summit include Grief and Loss, Artificial Intelligence, Criminal Justice Exploration, Social Media Influence, Gun Violence Prevention, and more. Experts in those fields, as well as local educators, helped provide guidance and resources for the students as they prepared specific talking points, activities, and presentations for this year's Student Summit.

Students also had an opportunity to explore the Heinz History Center, including new exhibits celebrating the 250th anniversary of the signing of the Declaration of Independence this summer.

The Student Summit was formed by Woodland Hills High School English teacher Ms. Erin Wall seven years ago to provide a platform for students to share their perspectives following an outbreak of community violence. It now includes a wide range of topics hand-picked by students. This year, the Student Summit was held at Penn State Greater Allegheny on March 13.
